researchers, professors and experienced professionals at all levels. About a hundred new genera and 600+ new species have been described per year for each of the last 5 years. To remain abreast of this explosion in knowledge of the microbial world, an electronic manual with frequent updates is necessary.

This required me to focus and think critically while using Bergey's manual, rather than just being able to flip to a page and quickly see what a positive or negative result was. I also wish it had photos, also. With the help of Bergey's Manual, I earned A's on my unknown labs as well as in the class.
