Dye Barrel Thread Carrier. Dye has released some silent upgrades to their Dam product line, one of them is the Dam Threaded Barrel carrier. Dye set out to correct a known issue regarding velocity, and the way they corrected this was by milling out a slot in the barrel carrier, so that they could place a 0198N70 o-ring in front of the eyepipe.

The DSR is powered by DYE's Method Operating System. The MOS gives the operator unre- stricted access to precision tuning, and unsurpassed performance. The 5-way Joystick control and high contrast OLED display screen provide an intuitive user interface.

OWNER'S MANUAL - DYE DSR

(Following is taken from the Dam Manual) Check the O-ring on the air system. If needed change the O-ring and try again. The O-ring normally used is an 015/70 but some manufacturers might use a different size. Consult the manual of the air system you are using. Replace the #006 O-ring located inside the airport.
