Tony took amazing care of his radios, but his Eton E1 XM suffered from what all of those models eventually do: a sticky chassis. Back in the day (roughly 2009 to 2013) Eton/Grundig covered a number of their radios models with a rubberized coating that unfortunately breaks down over time and becomes

Even with the quirks and nasty quality control issues, the eton e1 performance and features are excellent . However , I have to say that I actually do like the older Sony ICF-2010 better with it's close performance (the e1 is much better for any SSB modes) , cleaner and crisper audio (even lacking the bass response) and the wider 10.5 Khz ...
