Repair: The fix for this is nasty and tedious, but it is doable and inexpensive if you have access to a junkyard. Replace your sunroof supports and mechanics with the newer design from a junker. The sunroof roof itself is only held into place by 6-8 screws, and lifts out once you gain access to these and remove them.

Volvo Sunroof Issues

Volvo does not have any record of this being reported as a problem so no recall was ever done and no technical bulletin issued and no recommendation for it to be a check during a service. The fabric folding roof of some C70 Convertibles gets damage as shown in the photograph below:

VOLVO Engine Rebuild Kits

Volvo Penta's repair and overhaul kits, containing only Genuine Volvo Penta Parts, are offered at a price that is lower than buying each part separately. All kits are carefully designed and include the parts you need for efficient repair and overhaul. This means you won't have to spend time identifying and ordering each part.

Repair & Overhaul Kits | Volvo Penta

These tops use electric motors. There are quite a few switches and sensors for the top that if bad, will cause this problem. You really need the proper scan tool to read out the diagnostic codes, monitor the sensors, and reprogram the system, otherwise you are flying blind. Let me know if you need a place, I may be able to suggest one in your area.

how can i fix my top it wont go up or down - 2003 Volvo C70

The gluing process is multi-step AND multi-stage. For each stage (first the bottom strip, then the top, then the sides with the top completely down) there are two steps. First Step: Gorilla Glue is used to re-glue the canvas to fabric further in the top. Second Step: 3M adhesive is used to re-glue the canvas to the glass.
