### Repertoires And Cycles Of Collective

Despite the seemingly chaotic character of such collective action, social scientists have increasingly noted the remarkable regularities exhibited by even the most tumultuous social change. In this volume, sociologists, political scientists, and historians come together to assess the complementary concepts of repertoires and cycles as tools for illuminating the consistent patterns that emerge from the apparent chaos.

concepts of collection action repertoires and protest cycles. Charles Tilly formulated the notion of repertoires to emphasize both the continuity that collective action exhibits over time and the fundamental changes that occur in the forms of protest over longer historical intervals. His main body of evi- dence comes from the observation that in
